

## WELLS ARRESTED SUBORNATION OF PERJURY CHARGED

Huntington Beach Man Tangled  
in Social Club Case Com-  
plained Against

District Attorney Alleges Felony  
Committed in Talk Wells  
Had With Mansur

This morning T. A. Wells of Hunt-  
ington Beach was arrested by Sheriff  
Jackson on a charge of subornation  
of perjury, a felony. The complaint  
was filed by District Attorney L. A.  
West as an outgrowth of the trial of  
the beach city liquor case in Santa  
Ana two weeks ago. During the trial  
of that action three witnesses testi-  
fied that they could not remember  
many of the things asked of them.  
Later they regained their memories  
and answered questions. They said  
that they had been told by Wells that  
if they could not remember, nothing  
could be done to them.

The district attorney takes up one  
specific case upon which to found his  
complaint. That case concerns the  
testimony of C. H. Mansur, who said  
that Wells told him that the "best  
and easiest way" was not to remem-  
ber. The complaint quotes at length  
from the testimony of Mansur.

Attorney H. J. Forgy, secretary of  
the Orange County Bar Association,  
swore to the complaint against Wells.  
Wells is not admitted to practice in  
the superior court, but has practiced  
law in the justice courts of the coun-  
ty.

He was arrested here this morning,  
while at the courthouse in connection  
with a case in the justice's court.

Mansur's testimony was given in the  
trial of Walter de Hetre and Alvin  
Washburn. De Hetre paid a fine, and  
Washburn was sentenced to jail by  
Judge Thomas. They were charged  
with aiding in maintaining the Del  
Mar Social and Literary Club as a  
place where liquors were dis-  
tributed.

This afternoon Justice Cox fixed  
Wells' bond at \$3000. Wells is at-  
tempting to get bondsmen and believes  
that he will succeed. If he fails he  
will have to go to jail.

## BULLETIN

KANE, Pa., Feb. 3.—Nine persons  
were killed today in a gas explosion  
in a boarding house at Mayburg, near  
here.

## ... ONE WAY OUT ...

A book with the above title, published a year or two  
ago, told a story of how two young people, being forced  
to give up a regular salary and live on the proceeds of day  
labor, got along on a very slender income. One of the ideas  
emphasized was that they bought most of their clothing  
and furniture and a large part of their food at advertised  
sales, where they got large reductions.

This is one of the most practical ideas as to how the  
cost of living can be reduced. It seems strange that there  
are people who will growl about high prices, and yet fail  
to take advantage of these chances.

Here in our columns is a constant record of genuine  
chances to save money. They are particularly in evidence  
at this season of year, when old stocks have to be closed  
out. But every week in a year there are good chances be-  
ing offered through the Register by live merchants.

Newspaper advertising is so universally read that prac-  
tically every one knows about these opportunities. But the  
spirit of inertia that is constantly keeping people from  
realizing their opportunities, keeps some from snapping up  
these chances.

Often these bargains go to the well-to-do, who con-  
stantly display the same qualities of thrift by which they  
won an independent position. Meanwhile many hard-  
pressed people, even those on the verge of bankruptcy, are  
too indolent to seize the opportunities constantly offered  
to save money.

The very first item in any plan to reduce expenses  
should be to read attentively the newspaper advertising,  
column by column. Special offerings, that you know you  
will want later, should be taken up on the spot. If you can  
buy for 75 cents today what will cost you \$1.00 on March 1,  
you would better borrow the money rather than let the  
chance slip by. When March 1 comes, you will have an  
extra quarter to spend elsewhere, or to lay away.

# Starving Women of Poland Ask U. S. Aid

## 'FEED US OR WE PERISH!' IS CRY TO AMERICAN WOMANHOOD

In Sisterhood and in Charity  
We Ask Succor That Our  
Helpless Ones May Live

BERLIN (by wireless to Say-  
ville), Feb. 3.—Poland is cry-  
ing for food.

Women and children are dy-  
ing of hunger.

Women refugees are arriv-  
ing here in great numbers  
daily.

Through the chief of the  
Polish National Committee an  
appeal to the women of Amer-  
ica for aid is made. Gifts may  
be sent to the Polish National  
Committee, Neutergasse, Aus-  
tria-Hungary.

The appeal says in part:

"In the name of all em-  
bracing humanity, in the name  
of those feelings which bind all  
the women of the world to-  
gether, the women of Poland  
appeal to the women of Amer-  
ica—to the daughters of a free  
republic to whom the blessings  
of peace are granted—to think  
of the thousands of starving  
Polish children.

"From now on, stronger ties  
shall bind our people and yours  
—ties of magnanimity and  
gratitude, ties of Christ-like  
charity.

"In the name of this charity  
we appeal to you."

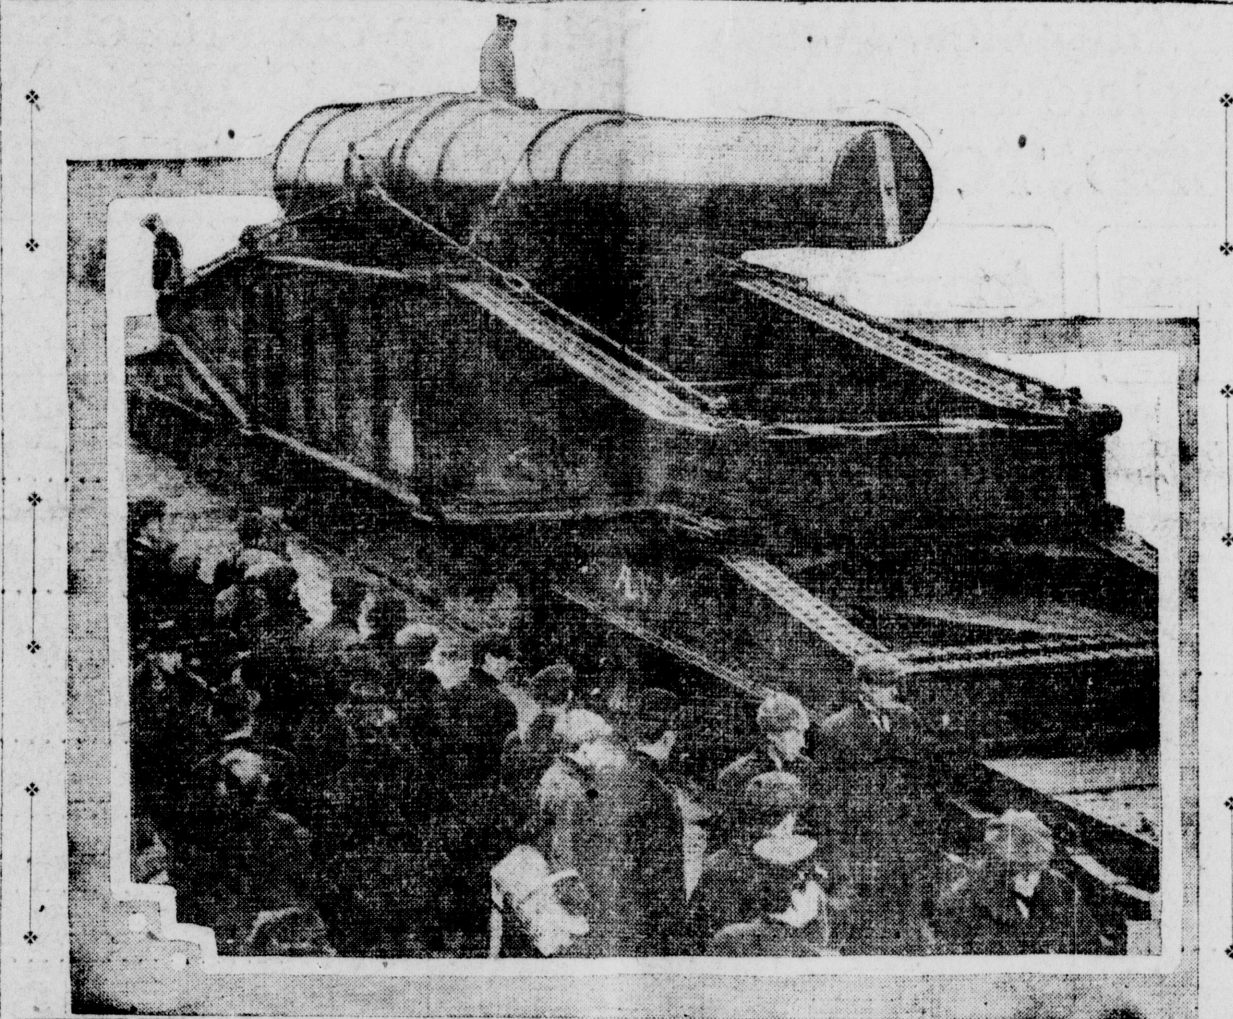

The appeal is signed by  
twenty-four prominent women  
of Poland, headed by the  
Countess Bobrowska and the  
Countess Rosa Witold Czartor-  
iska.

## May Call Election on \$500,000 Bonds

### THIS GIANT GUN SAYS 'HANDS OFF THE PANAMA CANAL'

THIS enormous rifle, believed to be the largest single piece of armor ever made, is being shipped by the United States government to protect the Panama Canal. The photograph shows the great 16-inch gun on its way to Watertown, Mass., where it will be made ready for shipment to the canal. It weighs 284,000 pounds. The car on which the gun is carried itself weighs 192,420 pounds and no fewer than thirty-two wheels were necessary to hold it.

As Recommendations Stand,  
Supervisors Will Accept That  
of the Majority

Supervisors and Highway Com-  
mission Holding Conference  
This Afternoon

There is a probability that the Board  
of Supervisors will decide to call an  
election to vote upon \$500,000 more  
good roads bonds.

That a majority of the supervisors  
favor voting more bonds became  
known today, but whether or not the  
election will be called has not been  
decided.

If it appears that the people want  
the bonds so that the coast boulevard  
and other roads in the county can be  
built, which otherwise would not be  
built for two, three or more years, the  
election will be called.

The majority of the supervisors  
favor the adoption of the majority re-  
port of the county highway commis-  
sioners. They favor the report that  
recommended that the \$240,000 surplus  
be used in building a foothill boule-  
vard, paying Santa Ana canyon, join-  
ing Placentia with the Santa Ana can-  
yon road and building several lesser  
roads.

If the question of the disposal of the  
\$240,000 comes to a vote this after-  
noon, as it may, the majority report  
will prevail.

This afternoon a delegation was be-  
fore the Board of Supervisors relative  
to hastening action toward clearing  
up the right of way for the coast  
boulevard between Sunset Beach and  
Newport Beach. In that delegation  
were J. P. Greeley of Balboa, Lew H.  
Wallace of Newport Beach, J. A. Armi-  
tage of Sunset Beach and H. L. Heff-  
ner of Huntington Beach.

Each of these men was asked by  
Chairman Talbot if he would favor a  
bond issue of \$500,000 for additional  
roads, and if he thought his commu-  
nity would favor the proposal. Each  
man answered the questions in the af-  
firmative.

### HEAVY FOGS HALT WAR THROUGHOUT EUROPE

PARIS, Feb. 3.—Heavy cannonading  
over the entire western battle line,  
especially violent near Soissons, is  
announced in the war office statement  
this afternoon.

The German fire is generally inef-  
fective, it is claimed, while the French  
silenced several German batteries near  
Lens.

There are few infantry engagements  
except near Soissons and on the north  
bank of the Aisne. The Germans are  
said to have essayed an attack near  
Perthes, being driven back by a coun-  
ter-charge.

Heavy fogs in Alsace and along the  
Vosges have prevented war opera-  
tions.

BERLIN (by wireless via Sayville),  
Feb. 3.—The capture of the village of  
Bumlin, Russian Poland, with 4000  
prisoners after three days' fighting is  
announced today by the war office.

### NOT PATERNALISM, SAYS FOUNDATION OFFICIAL

NEW YORK, Feb. 3.—Paternalism  
has no part in the program of the  
Rockefeller foundation. So Jerome G.  
Green, the foundation's secretary, told  
the federal industrial relations com-  
mission today.

"Nothing could be further from the  
directors' thoughts," Green said.  
"The foundation work is for the gen-  
eral good and is not designed to af-  
fect any individual excepting as a part  
of the general plan."

The commission expects to hear the  
stories of women victims of the Lud-  
low battle during the Colorado coal  
strike after Green concludes his testi-  
mony.

### THE CITRUS MARKET

NEW YORK, Feb. 3.—Eight  
cars navel, one lemons sold.  
Oranges—10c higher. Lemons—  
10c lower. Averages—Oranges—  
\$1.93 to \$2.35. Highest—Kenil-  
worth \$2.60. Weather—Snowing;  
temperature, 23.

### MUSIC IN YOUR TOES? YOU'RE CONVICTED!

DENVER, Feb. 3.—Foot talk!  
They are especially expressive  
when the average person is tell-  
ing a falsehood. This is the con-  
clusion reached by John A. Rush,  
district attorney in Denver, who  
as prosecutor of the county, has  
made a study of feet.

"Whenever a witness is on the  
stand," said Rush today, "I watch  
his feet. They are an index of  
the mind and come pretty close to  
telling whether a person is telling  
a falsehood. The first evidence of  
nervousness appears in the feet.  
A witness who is lying will shift  
his feet and become jerky and  
uneasy. Such evidences are in-  
variably an indication that the  
witness either is not sure of his  
testimony or is not telling the  
truth."

### SLINGSBY BABY HELD HEIR TO MILLIONS

LONDON, Feb. 3.—Teddy Slingsby  
has today been declared by the prob-  
ate court to be the legitimate heir to  
the Slingsby fortune, the claims that  
the child was a changeling having  
been overruled.

The case attracted unusual interest  
in America when 2,000,000 words of  
depositions were taken in San Fran-  
cisco from many California witnesses.

### WILSON SHIP PURCHASE BILL IS DEAD ISSUE

WASHINGTON, Feb. 3.—The friends  
of the government ship purchase bill  
virtually conceded this afternoon it is  
a dead issue. The admission came  
when Senators O'Gorman, Hitchcock,  
Hardwick, Bankhead, Camden, Varda-  
man, and Clarke, joined the Republi-  
cans in an agreement to send the bill  
back to a hostile senate committee.

### SEEK AMERICAN ON CHARGE OF INCITING TO REBELLION

LOS ANGELES, Feb. 3.—Federal of-  
ficers are searching today for the man-  
ager of a big American-owned ranch in  
Lower California, whom they expect to  
arrest on a charge of attempting to  
raise in the United States an army  
for use on foreign soil.

Ex-Governor Balthazar Aviles, of  
Lower California, and two other Mexi-  
cans are under arrest in San Diego on  
the same charge, while two other men  
are being sought.

Federal officers refused to make any  
detailed statement of the case today,  
though it is intimated that arms and  
ammunition for troops have already  
been secured and secreted somewhere.

Rumor is current that a shipload of  
guns recently seized in San Diego un-  
der instructions from Customs Collec-  
tor Elliott were connected with the al-  
leged plot.

### ANOTHER ANTI-ALIEN BILL IS INTRODUCED

PHOENIX, Ariz., Feb. 3.—Senator  
Claypool, of Gila county, introduced  
in the State Senate a bill which, if  
enacted, would impose upon employers  
conditions similar to those prescribed  
by the anti-alien labor or 80 per cent  
law.

### WEATHER FORECAST

For Santa Ana and Vicin-  
ity—Fair tonight and Thurs-  
day. Frost Thursday morn-  
ing. Northwesterly winds.

### GOVERNS SANS WATCH; TIME? I'D WORRY

DENVER, Feb. 3.—Governor  
George A. Carlson, Colorado's new  
executive, has never carried a  
watch. His friends do not expect  
the mere fact that he has become  
Governor of his state will cause  
Carlson to purchase a time piece,  
as they say his idea is that time  
is measured by work accomplished  
and not by mere hours and min-  
utes.

Because of Governor Carlson's  
lack of a watch, one of the first  
things his secretary did after the  
new executive took office was to  
purchase a clock which is to be  
put in a convenient place so that  
it may at least be of interest to  
visitors who threaten to take up  
too much time.

### SPECIAL FREIGHT RATE GIVEN COAST ROADS

WASHINGTON, Feb. 3.—Railroads  
hauling fruit and vegetables from  
Santa Barbara to San Francisco, San  
Jose and Stockton, and from Sacra-  
mento and Marysville to Great Falls,  
Mont., by way of Portland, were au-  
thorized today by the Interstate Com-  
merce Commission to establish special  
freight rates.

### WOMEN OUTVOTE MEN IN JOLIET, ILLINOIS

JOLIET, Ill., Feb. 3.—The women's  
vote overcame the male opposition  
yesterday, and Joliet, a city of 35,000,  
will have the commission form of gov-  
ernment.

### GRAIN CARGO SEIZED

WINNIPEG, Feb. 3.—Nine carloads  
of grain were today seized as contra-  
band at Niagara Falls, Ont. They  
were shipped by the Western Canada  
Milling Company en route to New  
York for shipment to Baltic points.

## AGED WOMAN IS DASHED FROM SANTA MONICA PALISADES

SANTA MONICA, Feb. 3.—  
The heavy rains of the past few  
days claimed a life here some  
time during the night just  
passed.

At an early hour this morn-  
ing fishermen discovered a  
body lying on the beach at the  
foot of one of the high palisades  
bordering the ocean front. The body was half bur-  
ied by the sand washed and  
blown over it by wind and tide.

When taken to town it was  
identified as that of Mrs. Har-  
riet Lavinia Gray, member of a  
well-known and wealthy Santa  
Monica family.

The supposition is that she  
fell to her death over the bluff,  
which had been rendered slip-  
pery by the rains.

There were no marks of vio-  
lence on the body other than  
the bruises naturally attribut-  
able to the fall.

The dead woman was sixty-  
eight years of age.

SAN FRANCISCO, Feb. 3.—No hope  
is today held out by the weather bu-  
reau of any early abatement of the  
storm, which for four days has been  
raging along the coast and in the  
interior of California.

Many streams are now at flood  
stage.

Shipping generally is tied up.

All the bay cities report consid-  
erable damage done by the high winds.

CHICAGO, Feb. 3.—Heavy snows in  
some parts of the Middle West, and  
much colder weather throughout that  
section rendered still more complete  
the tie-up of telephone and telegraph  
communication. For several hours this  
morning communication between the  
Pacific Coast and Denver was inter-  
rupted. There is no indication of any  
cessation of the storm.

LUDINGTON, Mich., Feb. 3.—Lake  
Michigan is blocked by ice for a dis-  
tance of ten miles off shore and ex-  
tending from Manitowoc, Wis., almost  
to Chicago. Eighteen steamers were  
frozen in the ice early today.

PITTSBURGH, Feb. 3.—All danger of  
a serious flood in the upper Ohio val-  
ley is believed to have passed. The  
river began to recede this morning.  
Several industrial plants which  
closed down last night fearing a flood  
are preparing to resume.

CLEVELAND, Feb. 3.—Dispatches  
from various Ohio points today in-  
dicate that flood dangers are passing.  
The rivers are receding and condi-  
tions improving. Freezing weather  
has halted the rise in most of the riv-  
ers.

SAN FRANCISCO, Feb. 3.—The long  
storm sweeping the coast seemed  
breaking this afternoon. The wire sit-  
uation was unimproved, however, and  
eastward communications continued to  
be difficult.

LOS ANGELES, Feb. 3.—Though a  
stiff wind prevailed today the skies  
were clearing this afternoon and in-  
dications are that the storm is prac-  
tically spent.

Similar reports came from many  
Southern California cities.

Little damage is reported.  
Frost is predicted tomorrow morn-  
ing, though citrus growers apparently  
have little fear owing to the present  
development of the fruit.

REDDING, Cal., Feb. 3.—After  
three days of high winds and heavy  
rains the flood waters of the Sacra-  
mento river are subsiding today.

Three storm-bound Southern Pacific  
passenger trains on the Shasta route  
passed here this morning, and traffic  
is gradually being restored.

## SIGNS ON STATE HIGHWAY MUST BE MOVED

If Owners Want Them, They  
Have Opportunity to Save  
Them From Destruction

## COUNTY ALSO AGAINST LITTER ALONG ROADS

County Forester Will Com-  
mence Cleaning Off Trees  
Around Tustin Soon

State Highway Commissioner Dar-  
lington is in full sympathy with the  
stand taken by the County Board of  
Forestry against the use of advertis-  
ing signs on the public highways.

"The signs will have to go," said he.  
"I have already written a number of  
letters to concerns that have large  
signs erected upon the state highway  
right-of-way, and have told them that  
the signs must be removed. In that  
way we give them a chance to save the  
signs if they want them."

Orange county has a stringent ordi-  
nance against placing signs of any  
kind upon any of the roads of the coun-  
ty. No signs can be put up, except  
temporary danger and convenience  
signs for the public, without a permit  
from the board of forestry, and the  
board of forestry absolutely refuses to  
issue permits for signs that bear ad-  
vertising.

The ordinance prohibits the placing  
of placards upon trees, fences, poles,  
bridges or other structures on the road  
property. It is just as much against  
the law to paint a sign on a fence that  
is on the road as it is to tack a plac-  
ard upon it.

Local merchants or others who have  
erected sign-boards on county roads or  
the state highway may save the signs.  
If they want to save them, they should  
get busy very soon and gather them  
in, for County Forester J. M. Grant  
has announced that he is going to  
take out a crew of men to clean up the  
litter of signs.

"I am going to do the first of this  
around Tustin and along the state  
highway between Santa Ana and the  
county hospital," said Grant. "Tus-  
tin seems to have been particularly af-  
flicted with disfigurement. Trunks of  
trees are covered with advertising  
signs. The county law against putting  
up advertising signs is going to be  
strictly enforced. It is framed in such  
a way that we can get at the firm that  
has the signs put up as well as at the  
man who does the actual posting or  
painting."

It Really Does Relieve Rheumatism  
Everybody who is afflicted with Rheu-  
matism in any form should by all means  
keep a bottle of Sloan's Liniment on hand.  
The minute you feel pain or soreness in a  
joint or muscle, bathe it with Sloan's  
Liniment. Do not rub it in. Sloan's pen-  
etrates almost immediately right to the  
seat of pain, relieving the hot, tender,  
swollen feeling and making the part easy  
and comfortable. Get a bottle of Sloan's  
Liniment for 25 cents of any druggist and  
have it in the house against Cold, Sore  
and Swollen Joints, Lumbago, Sciatica  
and like ailments. Your money back if  
not satisfied, but it does give almost in-  
stant relief. Buy a bottle today.

## FORMER ORANGE MAN, O'BANION, IS TO SERVE SENTENCE TO PRISON

Assistant U. S. District Attorney  
Harry Archibald of Los Angeles went  
to San Francisco yesterday to appear  
before the United States Circuit Court  
of Appeals for the purpose of giving  
government consent to the dismissal  
of an appeal, taken from a verdict of  
conviction of A. E. O'Banion and Wil-  
liam Kirby, the smugglers. They have  
concluded to drop their appeal and to  
begin serving sentence of one year and  
six months each. O'Banion formerly  
lived at Orange. He was convicted of  
having a hand in smuggling Chinese.  
The men are supposed to have made  
\$100,000 by smuggling.

## SALTS FINE FOR ACHING KIDNEYS

We Eat Too Much Meat Which  
Clogs Kidneys, Then the  
Back Hurts

Most folks forget that the kidneys,  
like the bowels, get sluggish and clog-  
ged and need a flushing occasionally,  
else we have backache and dull mis-  
ery in the kidney region, severe head-  
aches, rheumatic twinges, torpid liver,  
acid stomach, sleeplessness and all  
sorts of bladder disorders.

You simply must keep your kidneys  
active and clean, and the moment you  
feel an ache or pain in the kidney  
region, get about four ounces of Jad  
Salts from any good drug store here,  
take a tablespoonful in a glass of wa-  
ter before breakfast for a few days  
and your kidneys will then act fine.  
This famous salts is made from the  
acid of grapes and lemon juice, com-  
bined with lithia, and is harmless to  
flush clogged kidneys and stimulate  
them to normal activity. It also neu-  
tralizes the acids in the urine so it no  
longer irritates, thus ending bladder  
disorders.

Jad Salts is harmless; inexpensive;  
makes a delightful effervescent lithia-  
water drink which everybody should  
take now and then to keep their kid-  
neys clean, thus avoiding serious com-  
plications.

A well-known local druggist says he  
sells lots of Jad Salts to folks who be-  
lieve in overcoming kidney trouble  
while it is only trouble.—Advertisement.

FAIR SPECIAL  
FARES BE IN  
BY TOMORROW

All Intending to Go to San Diego Saturday Urged to Pay at Once

At 5 o'clock tomorrow afternoon will expire the time in which money for tickets on the special train to San Diego may be paid to the committee or directly to Secretary Metzgar of the Chamber of Commerce.

About fifty Santa Anans in addition to about 100 who have already paid in their money for the fare, \$3, have notified the committee that they intend going to the big exposition on the booster special Saturday. Secretary Metzgar desires it impressed on all who have not paid their money for tickets that all the fares must have

been paid at 5 o'clock tomorrow evening.

In order to get the special train 125 fares must be paid in advance. There is now no doubt whatever that a large number of people in excess of the necessary 125 will go Saturday, but unless all fares are paid in by the time stated the special train will not be secured.

Running the Orange County Special to San Diego will be a great boost for the community. In addition, all who go from the county will be assured a splendid time.

Orange county badges will be supplied to every passenger on the special train. The visitors will be lavishly entertained by the Exposition Committee. Every person showing a return trip ticket to any point in Orange county will have access to the free luncheon given by the fair management.

Pay in your \$3 fare tomorrow morning or at least by 5 o'clock in the afternoon. Be a booster. Help put Orange county on the map.

The train will leave the Santa Fe station at 8 o'clock Saturday morning. Owing to lack of time it will be impractical to mail tickets to those who have paid their fares. The tickets will be distributed on the train at the station.

SICK, SOUR STOMACH,  
INDIGESTION OR GAS

"Pape's Diapepsin" Makes Upset Stomachs Feel Fine in Five Minutes

Wonder what upset your stomach— which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress. Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a noisy, disordered stomach; it's so unnecessary.—Advertisement.

GRAND CHIEF  
VISITS LODGE

Event Proves to Be Brilliant,  
One, to Be Remembered by  
Pythian Sisters

ORANGE, Feb. 2.—At their meeting last night the Pythian Sisters were honored by a visit from their grand chief, Mabel Migley, of Pomona. The event was a brilliant one and delightful in every respect.

The hall was beautifully decorated for the occasion with smilax and flowers pertaining to each office. The initiatory work was exemplified and much credit was given the officers by the grand chief, who gave a few remarks, stating that nowhere in the state had the officers at their second meeting after installation carried out their work as nicely as did Orange Temple No. 60 last night. She said that she would make glowing reports of this temple to other temples in the state.

At 11 o'clock the banquet room was thrown open and an elegant luncheon was served. The committee on refreshments received many congratulations on their preparations. The dining room was attractive with smilax and red geraniums. In the center was a large mound of smilax, banked with flowers.

The grand chief and most excellent chief were seated with officers on each side. The past chiefs were opposite with visiting members from Anaheim Temple. At each plate was a boutonniere bouquet of violets. The way the "brothers" waited on their "sisters" was a remarkable feature. Taking it all in all, the Pythian Sisters "did themselves proud" and the event will long be remembered with pleasure.

At the close of the meeting a beautiful solid silver spoon, engraved "Orange Temple No. 60," was presented to the grand chief with very pleasing and appropriate remarks.

Claude Potter entertained the Methodist Baraca Class at his home on East Palmyra avenue last evening and made a great success as a host. All present had a delightful time.

Musical selections formed an attractive part of the evening's pleasure. The affair was concluded with refreshments of Nabisco wafers, popcorn and bananas. An interesting feature of the evening was a talk on China and Japan given by H. C. Williams, who has been four years in the United States navy.

The following were present: Messrs. Fishback, Davis, Sterling, Luckensmeyer, Davis, L. Williams, Welch, Patton, Martin, H. C. Williams, Kadau, Bates, Smith, Dishman, Smith, Lankford, Dishman, Sharp, Nuffer and Potter.

The Orange Woman's Club held a scheduled meeting at the I. C. C. F. hall yesterday afternoon, transacting various business connected with the launching of the club.

The report of the committee on constitution and by-laws was read and approved after certain amendments. The name of the club has been changed to the "Woman's Club of Orange."

The election of officers was not completed before the meeting adjourned. Five of the officers were filled, as follows: President, Mrs. I. Lea Collins; first vice-president, Mrs. J. S. Collins; second vice-president, Mrs. D. C. Pixley; recording secretary, Mrs. A. D. Bishop; corresponding secretary, Mrs. Robt. Weitbrecht.

Funeral services for little Robert Craddock were held at the S. M. Craddock residence at 238 North Grand street this morning at 10 o'clock. The rites were conducted by Dr. Fletcher, first reader of the Christian Science Church of Santa Ana.

Beautiful and tender music with a lovely profusion of flowers and wreaths were marking features of the services. Mrs. Strock sang Mrs. Eddy's "Shepherd" and "No Night There." Casket bearers were six boys: Harold Foster, Thomas Hight, Floyd Carrier, Harold Purviance, Kenneth Claypool and Roch Bradshaw.

Burial was made in the Santa Ana cemetery.

There was a family gathering at the G. W. Gates home on North Center street Sunday in honor of their daughter, Mrs. Roy Hardin, of Jerome, Ariz., who is here on a visit. A most delicious picnic dinner was served at noon and a pleasant afternoon was spent by the following guests: Mrs. Hardin, Mr. and Mrs. G. D. Gates and family, Mr. and Mrs. F. C. Gates and family, Mr. and Mrs. Jesse McDaniel and family, Mr. and Mrs. Earl Columbia and family and Mrs. Lucy Wane and family.

MOTHER! IF CHILD'S  
TONGUE IS COATED

If Cross, Feverish, Constipated,  
Give 'California Syrup  
of Figs'

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation, poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."—Advertisement.

## BOARD OF SUPERVISORS

FIGHT ON OVER  
SCHOOL CHANGE

Opposition to Moving Part of  
Fairview District Into  
Harper District

The movement to transfer a strip a mile wide from the south side of Fairview school district to Harper district has aroused a contest that the Board of Supervisors is to hear about on February 9. This morning delegations for and against the proposal were at the courthouse ready to take up the matter. Attorney F. O. Daniel stated that he represented a number of those opposing the change in boundary lines, and they and he would like to have further time for preparing their case. On Daniel's request the hearing was continued to February 9.

**Another Change**  
County Superintendent of Schools Mitchell has approved the petition for transferring some of the Katella and Garden Grove school districts to the Orange district. Among those petitioning for the change are Dr. C. B. Wadsworth and Mrs. M. Mounts of Katella district, and D. R. Lentz, F. Bergemann, C. H. Bell and J. J. Swartzbaugh of Garden Grove district.

**No Sale Is Made**  
No bids were received for the McCarthy property at San Juan Capistrano. The county had announced that it would not consider a bid of less than \$2500. It was decided not to re-advertise for bids, but to hold the property for a while. It was bought in connection with the purchase of a right-of-way for the state highway.

The petition of E. Water Pyno for closing a road at Yorba was granted.

**THE SIGNIFICANCE OF OUR POPULATION**

An excursion steamer may be able to carry 1000 persons, if they are evenly distributed; if they all crowd over on one side, 200 might overload her.

The census experts are now debating whether the United States passed the 100,000,000 mark on Jan. 27, or will pass it on April 2. Whichever is nearer correct; in many districts our country already shows symptoms of over-population.

Yet the experts say there is room here for a population reaching into billions, if the farm lands are intensively cultivated.

Our cities seem to think that when they pass the half million or million mark, they have accomplished some wonderful human achievement.

Actually what has happened has been that a lot of human sheep, dazzled by lighted streets and flashy entertainments, have abandoned the economic functions for which they were best fitted. They rush into occupations already too crowded, while the basic task of providing food lacks workers.

Our population, speaking roughly, is increasing at the rate of about twenty per cent in ten years. The agricultural population of food producers remains somewhere near stationary. Of course food prices rise.

When you hear of a boy who thinks of leaving some farm for some store or some factory, ask him whether he is going because he feels some peculiar fitness for the new work, or merely because he wants to get to some place where there is "something doing."

If the latter is the fact, as is usually the case, then tell him that he is selling out his chances on a rising market, the products of which are scarce, in order to buy into a falling market, where there are too many workers. That is poor policy, if he has an ambition to rise.

**COLLEGE FRATERNITIES**

Milton Schmitt has a bill in the legislature to abolish college fraternities. The fact that Schmitt introduced it is probably a safe guarantee of its defeat. If not, when the fact becomes known that the bill is introduced for pure personal and political malice, and that its occasion is a single inci-

dent that happened incidentally to touch off these motives, the slight remaining chance of serious consideration of the bill will disappear.  
High school fraternities have been abolished by law, and are probably moribund in fact. But college fraternities are an established American institution, and it is as absurd to think of abolishing them as it would be to suppress the Elks or the Masons. Not that the fraternities are perfect. They are never likely to be that. But they at least do a lot more good and a lot less harm than they used to do. They are more democratic, less given to carousing, and more serious than they used to be. The consensus of college opinion, practically everywhere, is definitely in their favor. There is no occasion for abolishing them—and it couldn't be done, anyway.—Fresno Republican.

**FEBRUARY WILL NOT BE HONORED WITH FULL MOON**

The moon is to take part in the important happenings of 1915.

Just to show that it can do things very much out of the ordinary, it is going to show that it can go a whole month without getting full.

It has already been full twice in January. The balance of its stunts will take place in February and March.

There will be no full moon in February. The last time Luna failed to get full was in 1866. The next time will be 2,500,000 years hence—the astronomers make this statement.

Full moons occurred on January 1 and January 30. The next two full moons will be on March 1 and March 31. Thereafter it will resume its normal course.

**CIVILIAN RIFLE CLUBS**

—Evansville Courier

Civilian rifle clubs are gaining favor throughout the country as a means for obtaining what President Wilson described as the best means for a national defense, a citizen soldiery. There is nothing militaristic in a rifle club. The training consists of practice at ranges that in case of war gives the main requisite of a soldier, the ability to shoot.

Rifle shooting as a pastime holds as much of thrills as the clay bird and shotgun variety and calls for more practice and greater skill at the long ranges. Rifle shooting is a healthful sport, exercising, as it does, both the mind and body. It is a recognized branch of athletics and is listed among the events at the international Olympic games.

America has been passed as a sharp-shooting nation, by both Switzerland and Argentina. A matter of national pride should stir us to recapture the honors of the rifle.

**COLDS ARE OFTEN MOST SERIOUS STOP POSSIBLE COMPLICATIONS**  
The disregard of a cold has often brought many a regret. The fact of sneezing, coughing, or a fever should be warning enough that your system needs immediate attention. Certainly Loss of Sleep is most serious. It is a warning given by Nature. It is a man's duty to himself to assist by doing his part. **CITY SCHOOL SUPERINTENDENT MAKES AN ANNOUNCEMENT**

To the Public:  
The first semester of the Santa Ana city schools will close February 10. The second semester or term of school will open February 15. At that time all children four and one-half years old or those who will be four and one-half during the first three months of the semester or term, may be admitted to the kindergarten department and all children six years old or who will be six years old during the first three months of the semester or term may be admitted to the first grade. It is very important that such children be entered the first day of the term. No children will be admitted in the beginning class in the kindergarten or in the beginning class in the first grade after the first month of the term.  
There are kindergarten departments at the following schools: Spurgeon, McKinley, Roosevelt, Lincoln and Jefferson, and first grades in the Washington and Fifth street schools, as well as in the above named schools.  
Regularity and punctuality in school attendance are very desirable not only as a means of securing more money for attendance, but in the development of good habits. Regularity and punctuality are very important factors in a successful life.  
On account of school closing February 10 to 15, the exercises for Lincoln's birthday will be combined with the exercises for Peace day, which is February 17. Announcements of the Lincoln-Peace day programs will be given later.

**WOULD REGULATE ORANGE SHIPPING**

Assemblyman Avey of Riverside and Senator King of Redlands are working together on two measures that are designed to regulate the shipping of frozen or immature fruit. The more important provisions of the proposed law regarding frozen oranges are as follows:  
"It is unlawful for any person, firm or corporation to ship, offer for shipment, sell or offer for sale any orange, lemon or grapefruit which has been more than twenty per cent damaged by frost, unless the box, package or other container in which such fruit is shipped, offered for shipment, sold or offered for sale, is plainly stamped or labeled, in letters not less

than one inch in height 'damaged by frost'.

Very few shippers would take any chances on sending out oranges plainly marked as "damaged by frost," and the chase water separator makes it possible to segregate all fruit that is fit to be shipped. The practical result of the act therefore would be to put a stop to shipping of frosted fruit, and that would be a result greatly to be desired.

The leading provisions of the act regarding immature fruit are as follows:  
"It shall be unlawful for any person, firm or corporation to sell or offer for sale, or to ship, or offer for shipment, any navel oranges which are immature within the meaning of this act.

"For the purposes of this act, navel oranges shall be deemed to be immature the juice of which does not contain soluble solids equal to, or in excess of, eight parts solids to each part of acid per cent, the acid to be calculated as citric acid without water or crystallization; and navel oranges shall also be deemed to be immature when the surface of the fruit shows less than 50 per cent of orange color when picked from the tree.

"The sale or offering for sale, or the shipment or offering for shipment of immature navel oranges which have been colored by sweating or other manipulation in such a manner as to deceive or mislead the purchaser in any particular as to their immaturity, quality or condition, is prohibited.

"The sale of navel oranges in packages or in wrappers bearing any labels containing false or misleading statements or designs or devices, is prohibited."

The test proposed is that recommended by the Federal Department of Agriculture and the one that was voluntarily observed by most of the shippers of early fruit this year. The good results of this were apparent in better prices and more general satisfaction with the fruit. The shipment of unripe navels demoralizes the market and stirs up prejudice against California fruit that is hard to overcome. Most growers are seeing the folly of shipping such stuff, but for the few who do not this law would be an effective and valuable check.—Riverside Press.

WORLD FAMED  
LAWYER—LAYMAN—LECTURER  
INVESTIGATOR OF FIRST CAUSES  
  
**Hon. J. F. RUTHERFORD**  
NEW YORK CITY BAR

Who will give his famous FREE LECTURE on  
**"Where Are the Dead?"**  
in the Grand Opera House, Santa Ana,  
Thursday, Feb. 4, 7:30 p. m.  
**WHO IS HE?**

Mr. Rutherford is an active lawyer of New York City bar. He is a celebrated orator and the best known layman Bible lecturer in the world. He is scholarly, pleasing and convincing.

**SPOKE IN LOS ANGELES THIS WEEK TO CROWDED HOUSES**

More than 3000 from all professions and callings were unable to gain admittance to the Trinity Auditorium Monday night. The large overflow hall provided was insufficient for these.

On account of the great interest shown he consented to speak again Tuesday night in the Majestic Theater. His lectures in England and other European countries were enthusiastically received by large audiences. Similar success and approval greet him in the United States and Canada.

**PRESS COMMENTS**

"Judge J. F. Rutherford, the well-known attorney of New York City, delivered an able lecture upon the subject, 'The Bible and Its Science from a Lawyer's Viewpoint,' at the University Chapel last evening. Through the efforts of Dr. Jordan this eminent lecturer was engaged to speak at Stanford University."—The Daily Palo Alto (Stanford University, Cal.)

"Judge Rutherford, of New York City, spoke twice at the University yesterday. His speech of the evening was one of the best examples of perfectly constructed argumentation that has been heard in the University for some time. It drew forth remarks of admiration from both instructors and students."—Oregon Emerald (University of Oregon.)

"A large and unusually intelligent audience heard Hon. J. F. Rutherford at the Maryland Theater Sunday afternoon in his famous lecture, 'Where Are the Dead?' United States Senator George L. Wellington introduced the speaker. Mr. Rutherford fully maintained his reputation as an orator and Bible scholar, every one of his points being made with telling force."—Evening Times (Cumberland, Md.)

"By special invitation of the officers of the United States Naval Academy, Hon. J. F. Rutherford, the well-known lawyer and Bible student, of New York, lectured at the Naval Academy last evening. The lecture was well received, the entire audience applauding the speaker vigorously."—Evening Capitol (Annapolis, Md.)

"Congressman B. B. Dovenor introduced Judge Rutherford, who is of mainly physique; standing over six feet tall, with a heavy voice and deliberate manner, his every utterance bearing intense earnestness, the speaker commanded marked attention. The theater was completely filled and many turned away."—Wheeling Register (W. Va.)

"Hon. J. F. Rutherford, the well-known American lawyer and Bible lecturer, before a large audience here delivered a most convincing and satisfying lecture last evening."—York Daily (England).

## WEDDING BELLS SOON

### Cupid Conspires With Parcel Post Messenger Who Showers Popular Bride-to-Be

Today marked the last day of the faithful service accorded the Dragon by Miss Pearl Thompson, for she has resigned from her position as book-keeper there and accepted a life's partnership with a new firm.

True to the Dragon's favorite "color scheme of red," Miss Thompson's successor's crowning glory is of auburn hue, following the time-honored custom which the Dragon has carefully observed for many, many years.

This morning Dan Cupid proved a traitor to the secret, guarded by Miss Thompson and Mr. George Adams. With a parcel post messenger, he showered the popular bride-to-be with a lovely array of lingerie, gifts from the twenty-four members of the Dragon force.

The shower was a complete surprise to Miss Thompson, who during her seven years of highly efficient service, has won a wide circle of friends who admire her sunny disposition and prophesy a prosperous and successful future to the new firm which wedding bells will establish in the near future.

## O. C. B. C. LITERARY SOCIETY

### Members Enjoy Merry-Making at Business College Last Evening

The O. C. B. C. Literary Society held, last evening, one of the most enjoyable socials that the college has had for a long time. The members began to assemble about 7 o'clock, and the entertainment was in good running order at 7:30.

Prof. J. W. McCormac, who presided over the meeting, gave an opening address on "Other Organizations of This Kind," which gave the members several good ideas on ways to conduct a society of this kind. He also proved to be an excellent story teller. Mr. Clarence Brooks was next on the program, and he displayed his art as the wizard of jokes, keeping the members in a continuous laughter during his performance. Miss Mattie Trimble came next and she rendered a very delightful piano selection, which received hearty applause. The college glee club sang several old-fashioned songs, and the members claimed that it was good to hear that had ever been in the college for some time. Miss Mabel Green followed with several selections on the piano, which were highly appreciated by all present.

Merry games of almost every kind received their share of enjoyment, after which light refreshments were served.

The last event on the program was various magical stunts which were conducted by two of the boys, and they made a decided hit as "Al" in this profession. At the close of the jolly social, the members adjourned, expressing their thoughts of gratitude toward the entertainment and refreshment committees.

If good weather had prevailed the attendance would have been larger. However, thirty members were present to enjoy the evening's run.

## HOUSEHOLD ECONOMICS

### Members Entertained by Trio of Pretty Japanese Hostesses in 'Peach Blossom Land'

In response to clever little invitations, written on quaint Japanese paper, the members of the Second Household Economics Section of the Elks Club gathered at the home of Mrs. Russell Scott yesterday afternoon to enjoy a change in their usual routine of meetings. Mrs. Scott, Mrs. Robert Shafer and Mrs. Fred Parsons, charmingly attired in Japanese robes in softly blending shades of pink, lavender and blue, welcomed the guests into the land of peach blossoms. Japanese baskets filled with graceful boughs of peach blossoms were used in transforming the living room into a veritable bower of flowers, and listening to strains of Japanese music, with the fragrance of the burning incense wafted through the home, it was quite easy to imagine the scene to be one of Sunny Japan.

Roll call was made interesting by the members answering with notes from Japanese home life, many bringing appropriate articles from the far away land to illustrate their response. The feature of the afternoon's enjoyable entertainment was the display of Japanese trophies, given by Mrs. Jack Porter of Orange, who spent several months in the Orient last summer. During her tour Mrs. Porter made a choice selection of only the very unusual and interesting specimens of Japanese articles seldom seen in America, and among her collection was a beautiful Japanese wrap, a traveling bag, a stenciled obi and a Satsuma vase decorated by Mason, the famous Japanese artist, each article being greatly admired by the guests, who were very grateful for this opportunity of seeing such a rare display. Mrs. Porter also gave new lights on the customs of the Japanese, her attentive audience gleefully knowing her native imparted in their study of Japanese life through books.

Refreshments were served to the merry company, seated on cushions on the floor. Japanese candies in fancy design, rice cakes and tea composed the appropriate menu and the guests had the unusual pleasure of mixing the ingredients passed on seven separate trays for their curried rice, in true Japanese fashion. During this time Japanese puzzle boxes were passed for examination, few being able to discover the hidden springs and keys.

Mrs. Fred Case and Mrs. George Briggs were welcomed as new members at this meeting and Mrs. Mary of Los Angeles and Mrs. Arnold Peeke were guests of the club.

As an appropriate ending to this delightful visit to fair Japan, the departing company sang the national anthem.

## Jolly Neighborhood Club

A pleasant neighborhood gathering was held Monday night at the home of Mr. and Mrs. Norman Matthews on South Bristol street. Four tables were used for progressive whist, in which Dr. Claycomb secured the gentleman's prize and Mrs. Ned Blake the lady's. Considerable amusement was secured in a contest that consisted in detecting the contents of bottles through odors. In that contest Mrs. Blake won first prize. A merry game called "Pure Nonsense" and sleight of hand tricks, given by the genial host, also entertained the company. Delicious refreshments were served.

Those present were Mr. and Mrs. Matthews, Mr. and Mrs. Charles Williamson, Mr. and Mrs. Walter Neal, Mr. and Mrs. Lucy Harper, Dr. and Mrs. Claycomb, Mr. and Mrs. C. H. Stanley, Mr. and Mrs. Joseph Neubaum, Mrs. Ned Blake, Mrs. Blake and Miss Edith Stanley.

## From Roosevelt School

The Parent-Teacher Association of the Roosevelt school held its meeting in the kindergarten room Tuesday afternoon with a large attendance. The meeting was opened by the president, Mrs. Sylvester, followed by the reading of the minutes of the last meeting by the secretary.

Those present discussed the question of withdrawing from the State Congress of Mothers and also ways of raising money for the association to enable it to look after more of the poor children of the school.

The question box was next opened and presided over by the president and a great many interesting subjects were discussed by the parents and

teachers. A splendid program was given. The first number, "The Happy Little Cripple," by Roberta Donahart, won rousing applause. Miss Helen Sylvester gave a vocal solo, accompanied by Miss Bertha Miller, who responded to an encore. The president then extended an invitation for all present who were not already members, to join the association. The report of the rooms was then taken and Miss Daniels' room received the picture for having the largest attendance of mothers at this meeting.

Mrs. Sylvester invited the association to hold its stocking darned tea on Wednesday afternoon, February 17, at her home, and it is hoped that all the mothers and friends will attend.

The meeting closed with the social hour, at which time light refreshments were served.

The program committee for the next meeting, which is an evening meeting, is composed of Miss Smart, chairman; Miss Roper and Miss Langhead.

## WOMAN'S CLUB MEETS

### Members Enjoy Delightful Anniversary Celebration at Vandermast Home

The lovely home of Mrs. Asa Vandermast, 1103 North Main street, was chosen as the meeting place of the Woman's Club, which celebrated its thirtieth anniversary yesterday. Asparagus ferns festooned the chandeliers and a profusion of lovely white roses and violets were used in decorating throughout the attractive rooms. A cut glass bowl of beautiful violets centered the honor table around which the club mother, the executive committee and past presidents were seated, the other guests gathering around the smaller tables, prettily decorated.

The white and purple tints of the club's colors were reproduced in the place cards, marked with a single lovely rosebud, tied with lavender ribbon. Thirty-four members enjoyed the happy "birthday spread."

The menu consisted of chicken, gravy, mashed potatoes, olives, jam, jelly, hot rolls, coffee and cakes, the important feature of the dinner being the beautiful white frosted birthday cake centered with the purple emblem "W. C. 1915." Mrs. I. D. Mills, lovingly known as the "Mother" of the Woman's Club, cut the cake, reserving the center with its decorations, to be sent to Mrs. G. J. Mosbaugh, one of the oldest members. After the remainder of the cake had been shared the club president, Mrs. W. C. Young, called the meeting to order and appointed Mrs. Mills as toastmistress. Mrs. W. C. Young gave a clever toast to "Our Club." "The Past of Our Club" was reviewed by Mrs. F. A. Marks. "The Present" was capably handled by Mrs. C. S. Shaw, while Mrs. B. Uttley spoke glowingly of "The Future." Mrs. P. L. Topie chose as her subject "Club Relations" and the hostess of the club, Mrs. Asa Vandermast, was honored by Mrs. C. F. Crose, whose present drinking to her health with clear, sparkling water. "Mother" Mills closed this part of the program with an original verse:

"In long remembrance for the years that have past,  
With a wish for happiness that forever will last,  
With a friendship grown stronger in this present time;  
My girls, sisters and friends, in this little rhyme  
I re-pledge for the future and all coming time,  
Love—that of a Mother, which ever outlasts any other."

Mrs. W. H. Crose and C. F. Crose contributed to the musical program, a beautiful vocal duet entitled "Music and Its Sister Song." Mrs. C. F. Crose also sang two charming contralto solos, "Maiden" and "Star of the East" and "Moonlight" were the pleasing piano selections given by Miss Ruby Wright, niece of the hostess and by request Mrs. W. H. Crose sweetly sang "Josephine," which closed the day's program.

As a pleasing surprise, Mesdames J. B. Rowland and J. E. Alexander, who had asked for a place on the program, left the table and returned with two pretty baskets, asking the company to guess what the surprise was to be. Mrs. Marks' guess was "sweets for the club," which proved correct and the delicious home-made candies were greatly enjoyed.

Great praise was given to Mrs. Diers, who baked to perfection the rolls; to Miss Kryhl, who made the charming place cards, and to the hostess, Mrs. Vandermast, for her delightful hospitality, though a great share of the honors for the successful celebration is due to the members of the dinner committee, Mesdames J. B. Rowland, J. E. Lively, Anna Gale, J. A. Lash and C. H. Stanley.

Lecture Postponed  
On account of the fluctuating lights and the disappointment of many unable to attend the stereopticon lecture at the First Baptist church last night, it was thought wisest to postpone the lecture until next Tuesday evening. A goodly number were present last night and were abundantly repaid for coming out by the answers given to questions.

The regular weekly assembly was held today. Outsiders who wish to attend assemblies are cordially invited to do so. They are usually held Wednesday afternoons, about 1:45, between the sixth and seventh periods.

Students who wish to take a half year subject will find a very desirable one in a half year course in economics. Those who wish to do this should see Miss Phillips early Thursday morning.

The new Boys' Club held a meeting at 12 o'clock today. This club interferes in no way with the Mars Club, its object being social betterment.

LUTHER BURBANK—THE MAN AND HIS WORK  
Who Luther Burbank is and what he has done, has been told in a myriad of books, publications and periodicals of every sort.

Dr. L. H. Bailey, professor of botany in Cornell University, says: "It is an honor to California that Luther Burbank is its citizen. He is all that he has ever been said to be and more."

David Starr Jordan, chancellor of Leland Stanford University of California, says: "Luther Burbank is the greatest originator of new and valuable forms of plant life of this and other ages."

The creations of Luther Burbank are so individually characteristic that they are not easily to be compared with ordinary varieties. The whole scheme of his treatment of floral life is to develop beauty and harmony of form and color, as well as hardness to their fullest possibility. In the flower, berry and vegetable kingdoms his broad genius has been focused upon securing almost incredible size, stamina and keeping qualities, and vastly increasing the productivity and delicacy of flowers.

Luther Burbank is now 66 years old. Has he not accomplished enough in the realm of the floral and vegetable kingdom to cause every Californian to join with the White Cross Drug Company in wishing him a continuation of success, together with the peace and prosperity that is justly due him, for the benefit that he has been to mankind?

A banquet followed the installation services.

C. W. B. M. Day at Christian Church  
The Missionary Society had charge of the Sunday morning services at the First Christian Church, it being a "Red Letter Day" for the C. W. B. M., whose president, Mrs. L. L. Brisdene, led the devotional services.

Rev. Paul E. Wright had exchanged pulpits with Rev. Frank Dowling of Fullerton and Mrs. I. D. Mills presided over the meeting and introduced the speaker who is called "The Golden-tongued Orator of Southern California." Rev. Dowling's subject, "What Women Have Done," recalled the missionary work carried on by women since the woman of Samaria first answered the call of Christ. Other beautiful Bible characters portrayed by women, were used in illustrating Rev. Dowling's subject and he paid high compliment to the missionary spirit of today among Christian women.

The services were greatly enjoyed by all in attendance.

On Honeymoon at Venice  
Judge J. B. Cox pronounced the marriage services yesterday morning that united in matrimony Miss Ethel Jesse, daughter of Mr. and Mrs. A. L. Jesse, of Old Newport, and Alfred A. Manderschild, son of Mr. and Mrs. S. H. Manderschild, who live a few miles west of Delhi. The bride's father, A. L. Jesse, and brother, Harry Jesse, and the groom's sister, Mrs. Cora Miller, witnessed the wedding.

The bride wore a pretty traveling suit of blue and immediately after the ceremony the young couple left for Venice and Long Beach, where they will spend their honeymoon.

On their return the popular young couple will make their home on Mr. Manderschild's ranch near Delhi. The wishes for a happy and prosperous future are extended from their wide circle of friends.

HIGH SCHOOL NOTES  
The regular weekly assembly was held today. Outsiders who wish to attend assemblies are cordially invited to do so. They are usually held Wednesday afternoons, about 1:45, between the sixth and seventh periods.

The Generator staff held a meeting today at 3:30.

Students who wish to take a half year subject will find a very desirable one in a half year course in economics. Those who wish to do this should see Miss Phillips early Thursday morning.

The new Boys' Club held a meeting at 12 o'clock today. This club interferes in no way with the Mars Club, its object being social betterment.

LUTHER BURBANK—THE MAN AND HIS WORK  
Who Luther Burbank is and what he has done, has been told in a myriad of books, publications and periodicals of every sort.

Dr. L. H. Bailey, professor of botany in Cornell University, says: "It is an honor to California that Luther Burbank is its citizen. He is all that he has ever been said to be and more."

David Starr Jordan, chancellor of Leland Stanford University of California, says: "Luther Burbank is the greatest originator of new and valuable forms of plant life of this and other ages."

The creations of Luther Burbank are so individually characteristic that they are not easily to be compared with ordinary varieties. The whole scheme of his treatment of floral life is to develop beauty and harmony of form and color, as well as hardness to their fullest possibility. In the flower, berry and vegetable kingdoms his broad genius has been focused upon securing almost incredible size, stamina and keeping qualities, and vastly increasing the productivity and delicacy of flowers.

Luther Burbank is now 66 years old. Has he not accomplished enough in the realm of the floral and vegetable kingdom to cause every Californian to join with the White Cross Drug Company in wishing him a continuation of success, together with the peace and prosperity that is justly due him, for the benefit that he has been to mankind?

## POMONA COLLEGE

## GOOD FELLOWSHIP

Congregational Club of Southern California Prepares Fine Program

The Congregational Club of Southern California will depart from its usual plan of semi-annual meetings in the vicinity of the metropolis of the Southland and in 1915 give some of the outlying communities the benefit of a visit. On the 12th instant the club will assemble at Claremont for the celebration of Lincoln's birthday with Pomona College. Special trains will be run from Los Angeles and Pasadena and large delegations are expected from Long Beach, Riverside, Redlands and other cities.

A program has been arranged with a view to promoting fellowship and a better acquaintance with the spirit and purposes of Pomona College. Guests are to arrive for morning chapel at 11:30 o'clock. A basket lunch will be enjoyed in Blanchard Park to be followed by a walk about the campus and through the college buildings. At 2:45 p. m. Dr. R. R. Merriam of Pasadena will deliver his famous lecture on Abraham Lincoln. Of special interest will be the singing of the men's glee club and the women's chorus at the several gatherings of the day. The closing incident of the celebration will be a dinner served in the college commons at 6:30 p. m. to all the guests. The Men's Union of Claremont will co-operate with the college in the entertaining of the club.

## LOS ANGELES PRODUCE MARKET

Owing to the very heavy rain of the night previous and yesterday morning, trading in fresh products was very limited on the market yesterday. Receipts generally were light, and prices in most lines firm. Green peas were one exception, these selling at 15 to 16 cents a pound. The demand was also slow, with the result that there were not many price changes, or for that matter many features. Alligator pears are growing more plentiful and are selling at \$2 to \$3 for the few local pears that are obtainable, and from \$5 to \$6 a dozen on Florida stock. Bananas are still plentiful, and are moving at any price to keep the market from glutting or filling up with too much ripe fruit. Pineapples are still plentiful, and the majority are from Hawaii.

Egg receipts were 398 cases. The demand for eggs was normal. Butter arrivals were 75,500 pounds, and the call was excellent for creamery extras, but other grades dragged.

The potato market is firming up by nickels at a time. The margin on northern Burbank and Idaho Russets was put up 5 cents yesterday. Receipts were again heavy, 8108 sacks. Onion arrivals were very light, and bean receipts were 800 sacks. Pinkies are moving fast. Sweet potato arrivals were 93 sacks.

## Foley's Honey and Tar Compound

Quickly Masters It.

CROUP SCARES YOU. That loud, hoarse croupy cough, that choking and gasping for breath, that labored breathing, have only too often foretold fatal results. Lucky the parents who have FOLEY'S HONEY AND TAR COMPOUND in the house, for you can be sure that the very first doses will master the croup.

Mr. and Mrs. Wm. Russell and their friends, Mr. and Mrs. Banks, who are visiting here from Vermont, motored down to Long Beach Sunday to see the damage done by the late storm.

Mr. and Mrs. F. E. Harrison and family and "Grandfather" Harrison went to Long Beach on Sunday and visited with Mrs. Harrison's mother, Mrs. Saunders, who has been ill for some time but is able to be up again.

The new house which is being built by Mrs. Ohmer, who lately bought the Donald McMillan place, is ready for the plasterers. It is built of brick veneer and has eleven rooms, with all the modern conveniences. Mr. Ohmer and family are from the East.

Mr. and Mrs. Dozier and family spent Sunday with friends in El Modena.

A number of Garden Grove people attended the Brown-Curry meetings at Long Beach yesterday. Among them were Mrs. Chas. Holt and daughter Lova, Mr. and Mrs. Hayes and family, and Mr. and Mrs. J. V. Kerner.

Wayne Holt started to attend an agriculture school at Davis, near Sacramento, on last Thursday. He expects to remain until June.

## STOP THAT COUGH—NOW

When you catch cold or begin to cough, the first thing to do is to take Dr. Bell's Pine-Tar-Honey. It penetrates the linings of the throat and lungs and fights the germ of the disease, giving quick relief and natural healing. "Our whole family depend on Pine-Tar-Honey for Coughs and Colds," writes Mr. E. Williams, Hamilton, Ohio. "It always helps. 25c at your Druggist."

Dr. Bell's Pine-Tar-Honey is a household necessity. It is a sure cure for all coughs, colds, croup, whooping cough, bronchitis and all grippe coughs, and other throat and lung troubles. It is suitable for all ages, infants, children and grown persons, and it never contains opiates. In 25c, 50c, \$1.00 sizes.

## Facts are Facts

because of anything or conditions that actually exist. The statements we've been making from time to time regarding conditions in the Tempe-Paso Robles district—(climate, fertility of soil, advantageous location as to market and social conditions, rainfall and wide range of products,) have been statements of facts, sometimes disputed by parties who have no knowledge of the facts, or have only made an indifferent investigation, but facts nevertheless. Our statements of the probable future of the district have, of course, been predictions based upon those facts and our observations of what has taken place in many other meritorious sections of California. Every forecast made by us as to the future of the locality is being more than justified by the happenings of the past two years, at a time too, when development in many localities has been at a standstill or slipping back. Most of the development now being done there, with the exception of an eight million dollar project, is by men from Orange county and other parts of Southern California, mostly men of the hard-headed "show-me" type who know fruit and nut growing and California conditions.

## AT THE COURTHOUSE OUT OF COURT \$1500 SETTLES APPEAL ACTION

Jerome Bros.' Suit Against  
Bonding Company That Did  
Not Want to Pay Ends

The Massachusetts Bonding & Indemnity Company has finally paid up on a policy that it did not want to pay upon. The bonding company went through two lawsuits in a vain effort to prevent judgments that would go against the policy.

It was nearly two years ago that Sid Smithwick was killed by a mule. His leg was broken by the kick. At the time Smithwick was employed by B. W. and C. W. Jerome on a ranch at Irvine. The Jerome brothers had a policy covering any accidents that might occur to any of their employees. All attempts to get a settlement of their claim for Smithwick failed, and Smithwick finally brought suit against Jerome brothers, one of whom is his brother-in-law, in order that the brothers might proceed against the bonding company.

Judgment for Smithwick was entered. It was \$1500. The Jeromes then sued the Massachusetts bonding company, and got judgment for \$1500.

The bonding company was not agreeable to make the payment, and took steps for an appeal. A com-

## SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to  
Bring Back Color and  
Lustre to Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggy, just an application of two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.—Advertisement.

**Ask a New Trial**  
The defendants in the land cases in which the Chino Land & Water Company got judgment are asking for a new trial as a step for an appeal. The defendants claim rights in land at the north edge of Orange county on placer locations.

**Gets a New Trial**  
E. K. Weiss of Orange, a real estate agent, is to have a new trial. He was charged with violating an Orange ordinance fixing a license for real estate agents, and was tried and convicted at Orange. He took an appeal. Today Judge West ordered that Weiss be given another trial, and that it be in the Superior Court.

**Langley Is Winner**  
Today Judge West decided that E. T. Langley is entitled to letters upon the estate of Ellen Clark, who died on October 30, leaving an estate worth \$3000. Her will was exceedingly brief, and was as follows:

"Oct. 30. Mr. Langley. To Mason Lodge 100. Rest to Parsa and Lily, Ellen Clark."

E. T. Langley asked for letters, asserting that the will named him as executor. It was shown that in two previous wills executed by Mrs. Clark, Langley had been named as executor. The right to letters was contested by Public Administrator T. A. Winbigler.

**Sues for Commission**  
Mrs. Carrie Holder Smith has brought a suit against Mary J. Neill for \$2525 alleged to be due as a real estate commission. Mrs. Smith states that she found a buyer for Mrs. Neill when a brick block on East Fourth street was sold last March. Clyde Bishop is attorney for the plaintiff. The brick building at the southwest corner of Fourth and Spurgeon streets has been attached.

## BEDBUGS SPOIL SUIT BROUGHT FOR RENT

Jury Decides That Carrithers  
Had All the Worst of It in  
Staying in That House

Bed bugs, bed bugs, bed bugs! There was enough talk about bed bugs in Justice Cox's court yesterday to give the judge a crazy feeling.

A man was sued for rent, and his answer was that the house he rented was so infested with a disagreeable insect vulgarly known as a bed bug that he had to move. The jury agreed with him in saying that he owed no rent.

W. H. Brooks of Laguna Beach was the plaintiff and X. Carrithers, who has been employed on the paving job in Laguna canyon the defendant. Brooks sued for \$20 rent of a house. Carrithers replied that he wanted \$100 for damage done to him, his wife and his two children by the huge animals that were also present in the domicile.

When the case came to trial, a jury of six was chosen. Brooks said the house was rented for a month, though Carrithers remained in it only four days and nights.

Carrithers told about the quantity and quality of the bed bugs. He laid especial emphasis upon the quantity, and said that he has since learned that other families had moved from the same house for the same reason that he and his family departed. He also said Brooks had offered to settle with him for \$670.

Brooks declared he had taken precautions to rid the place of bed bugs, and that the house was free from vermin when Carrithers moved in. Brooks said he used \$5 worth of formaldehyde to say nothing of considerable gasoline in a war against the beasts of the bedroom.

The jury did not blame Carrithers for leaving the house. However, it did not decide that Carrithers ought to be paid for having had the experience depicted in such glowing terms by him. The verdict was in favor of the defendant. It fixed no damages to Carrithers. It fixed the costs upon Brooks, and the costs will run up around \$70.

**Traffic Troubles**  
Motorcycle Officer Roy Ballard today secured warrants for the arrest of S. Simons, reported by Ballard as going thirty-six miles an hour. Elmer Butler, forty miles, and a R. Reither, forty miles, all of Santa Ana, and Leo Ellison, thirty-eight, and E. Bertman, forty-five, both of Orange. They were charged with speeding on Newport road.

**Judgment Given**  
This morning Justice Cox gave judgment of \$47.50 to T. A. Wells of Huntington Beach against C. J. Porter, a vegetable man. Wells, driving an automobile, collided with Porter's vegetable wagon, and the windshield was broken. Wells was on the right side of the street and had the right of way. Porter was on the left side of the street. Neither was trying to turn a corner. The collision occurred at Huntington Beach.

## MENINGITIS VICTIM DIES

Mrs. Clara Langford of Fullerton died yesterday afternoon at 3:15 at the county hospital from spinal meningitis. Her son James, aged 10, died about two weeks ago from the same disease. It was while Mrs. Langford was at the bedside of her son that she was also stricken. At first, Mrs. Langford was unconscious. Later she recovered consciousness, and it was then thought that she would have a chance to recover. A relapse set in and resulted in her death. No other cases of spinal meningitis are now at the county hospital.

## NO RAG-TIME MUSIC FOR CLEVELAND PARKS

CLEVELAND, Feb. 3.—"Ragtime music will not mix with the classical. I refuse. Anyway, the people here have graduated from ragtime."

Christian Timmer, municipal music director, thus declined to yield the baton for "rag" in the city parks this summer. He directs the municipal symphony orchestra. The city will be forced to hire a "rag" director. Timmer's artistic temperament forbids.

## A LIVE SPORT LETTER By Hal Sheridan

NEW YORK, Feb. 1.—Boxing teas for women simply don't go around these parts. The gentler sex that makes its way home via the New York subway is willing to tackle other things, but when it comes to watching two huskies maul each other around the ring—well, that's another story.

John Weismantel, who runs the Broadway Sporting Club in Brooklyn, made the bid for the women fight fans. John advertised that he would put on a weekly tea party, with boxing strictly on the side. After thorough press-agenting John threw open the club for the first affair at which he promised feminine boxing enthusiasts would gather.

It was pretty tough on John. There were plenty of "gents" in his shirt-sleeves, who chewed gum because John had admonished them not to smoke in the presence of "ladies," but there was only one "lady" present. She confessed that she was sent over the bridge by a New York paper.

Princeton graduates and undergraduates are expressing some surprise at the naming of John H. Rush of Cleveland as head coach of the Tiger football team. Rush had held the Princeton record for the 100 yards—9.43—while he was in school but took his football on the sidelines. Some of the Princetonians, however, are pointing out that Bob Zuppke, the most brilliant coach the 1914 season produced in the West, was not a letter man in football when he attended Wisconsin University.

Poughkeepsie may take on all the aspects of Henley in the English regatta season as the result of the change in the rowing program to become effective at this year's races. Instead of bunching the freshmen, junior and varsity races in the afternoon as in the past, the two minor events will be rowed in the morning. There were some critics who were of the opinion that this would reduce the size of the crowds. The belief expressed here now is that the arrival of crowds at Poughkeepsie on the night before the big races, the mingling of old friends and the opportunity of making the hike up the river a sort of vacation will transform what formerly was only an afternoon's outing into a real sporting event.

## HISTORY READ IN FASHIONS Youth's Companion

No one can study history scientifically without also studying contemporary costume, for the temper of the times inevitably reflects itself in the fashions that it produces. The rich fancy of the middle ages found expression in voluminous folds and magnificent embroidery, and slipsers so long that their toes had to be held up by chains fastened to the knee. In the time of the French revolution the passion for republicanism was so sweeping that the costumers went back to the days of republican Rome, and produced an ardent if somewhat incorrect imitation of the classic style—an imitation that was responsible for the short waist that came into vogue throughout France, and afterward throughout England.

# O. K. IS GIVEN TO TEUTON ATTACK ON MERCHANT SHIPPING

BY J. W. T. MASON  
(Former European Manager of the United Press)

NEW YORK, Feb. 2.—There is no possible objection in international law to the German submarine attacks on merchantmen of the allies, as long as the crews of the trading ships are saved. The method of rescue is not important. The device of sending the crews of these ships off in small boats is adequate when near a coast, but its justification when far at sea cannot be determined in advance.

Destruction of merchant ships in the Irish channel was carried out under strictly lawful conditions of warfare, but the French government suggests that no time allowance for the saving of life was permitted when the Toki Maru was sunk. Since the crew was rescued by a trawler, there must be confusion in Paris concerning the circumstances of the case.

The fact that part of the Toki Maru's cargo was destined for Belgian refugees is not ground for protest. Certainly the allies would not permit German merchantmen to have freedom of the high seas because their cargoes were intended to relieve distress in Belgium.

The practical effect of the raid, for the moment, is negligible. It has shown that isolated submarine attacks on British vessels can be made off the coast of the British coast. Theoretically, it has been proved that a submarine blockade of England is possible. But the sinking of four or five merchantmen does not, in itself, demonstrate the existence of a blockade. This is possible only by a policy of continuous success.

It is improbable that such a policy can be carried out. Even if merchantmen were sunk without permitting their crews to escape, thus making it unnecessary for the submarines to go to the surface, doubtless only a modified reign of terror would result. Defensive measures are not impossible to devise, among which speed and constant deviation from the settled lanes would play an important part.
